1. Brothers Walking Together Program 2020

The US-6 Secretaries recommended to the US-6 Provincials the creation of a program in which our brothers finishing novitiate would be able to go and experience first hand experience with the poor. Our own Immersion Missionary Program has been the model for this BWT program. I have added the program to our documents. We need to decide whether we recommend to joined this program or not. If yes, do we include everyone who hasn't done it, or do we begin with the

novices 2019-2020? If this is the case, what do we do with those who has not done the immersion program yet (Henry, Bradley, Antonio, and Michael).

2. We need to vote on Recommendation Fray Mark McPherson for solemn profession.

3. A conversation about The definitorium recommending to the Vocation Office to present a strategic plan for the next three years in the March Definitorium in March 2020.

12:00 to 2:00
